**European Parliament Roundtable**

European Parliament, Spinelli 5E1

Political participation of migrants and their descendants is key for the well-being of our societies, our democracies and the stability of our economies. As the EU Action Plan on Integration and Inclusion points out “The European way of life is an inclusive one”.

Therefore the project EMVI – Empowering Migrant Voices on Integration and Inclusion policies – aims at enabling and empowering the participation of migrants in the design and implementation of policies and to bring their issues to local, national and EU decision makers.

At the Roundtable the Recommendations of the European Good Practice Guide on Migrants Participation as well as demands and recommendations raised by migrants during the EMVI participation activities are presented.

Programme:

- Opening statements by MEPs
- Presentation of the EMVI Good Practice Guide Recommendations
- Presentation of the Migrants’ demands and recommendations
- Responses by MEPs and EC representative
- Open discussion followed by photo moment
